The community we serve

Westminster's holistic approach to serving the entire family is important to the many neighbors that come through the doors annually. The relationship built with the families is so important; at times we might be the only ones cheering on these families and helping them navigate hard situations they face daily.

With 28% of the neighborhood living below the poverty level and experiencing barriers that they need help overcoming, Westminster's services are essential to help families break down those barriers and break free from the obstacles holding them back in life.
